

# Ultima<sup>®</sup> HI-280

## high and mighty

Ultima HI-280 is no ordinary shelving system. Manufactured to the highest international standards, Ultima HI-280 can be used for everything from single-level, high-density small parts storage through to a large scale, multi-tier structure incorporating bridges, walkways, loading gates and staircases. An extensive range of purpose designed accessories form an integral part of the Ultima HI-280 system.
